2010 VOTER REGISTRATION REPORT

This report contains 6 tables.

- 2010 Voter Registration Transactions
- New Voters: 2001 through 2010
- Changes of Address: 2001 through 2010
- Total Transactions: 2001 through 2010
- Principal Transactions
- Removal Programs: 2001 through 2010

The data in this report is consistent with data from 2002 and 2006 – mid-term election years.

- 2010 had the largest number of new registrations over the past 10 years with the exception of the two years with Presidential Elections.
- 2010 had the highest number of party changes except for the two years with Presidential Elections. The Department believes that this is because the e-Signature project gives DMV clients more privacy when indicating their political party preference.
- The Department added a Principal Transactions table. It shows the trend of key transactions. 2010 was another good year from that perspective.
- The e-Signature project has streamlined the processing of voter registration applications to the point that the Department voluntarily gave up two full-time positions.

We hope that this report is useful. Please contact either of us at 302-577-3464 if you have any questions.
